

UNITY DAY OF ACTION

we are the 99% . . . and so are you

The goal of this march is to further educate the public about the 99% movement. Economic, political, and social injustice effects us all in different ways. On December 3rd, you decide what tell the world, and how you want to do it. Join us as we meet at "hubs" across Boston and march to Copley Square. Plan your action or join an existing one, and get involved!
