

# UNITY DAY OF ACTION

we are the 99% . . . and so are you

## march for you, march with you

The goal of this march is to further educate the public about the 99% movement. Join us as we meet at "hubs" across Boston and march to Copley Square. At Copley, revel in everything from small group discussions to musical acts. This is a great opportunity to tell *your* story and hear how others struggle.
